

HallidayQuinn Scholarship
Department of Clinical Psychology
University of Dhaka

Guideline for Giving Scholarship in 2017

The objective of this scholarship is to contribute the development of neuropsychology and clinical psychology in Bangladesh

5 students for the HallidayQuinn Scholarship will be selected ,one from MPhil and four from MS..

The MPhil student will get 60% out of 500 pound at end of part-I. The rest of 40% will be given after passing Part-I exam. For year-II she/he will get 50% (250 Pound) during her data collection and 50% after submitting the MPhil thesis.

For MS, 60% out of 500 pound will be given during data collection. The student will submit the complete research report to the scholarship committee for review. After successful reviewing the rest of 40% money will be given. In review the focus will be given whether the research is publishable and how to improve to make it publishable. The student will submit a revised research report in the department both in printed and soft copy.
