Gentle Reminder: CCDB Scholarship Program for Climate Change 2026 – Deadline Extended!

Dear Sir/Madam,

Warm greetings from the Christian Commission for Development in Bangladesh (CCDB).

This is a gentle reminder regarding our previous communication about the **CCDB Scholarship Program for Climate Change 2026** for Master's thesis students in universities across Bangladesh. We would like to kindly inform you that the **application deadline** has been **extended to 16 April 2026**, providing an additional opportunity for interested and eligible students to apply.

We would be most grateful if your esteemed office could kindly support us by circulating the scholarship announcement among relevant departments and faculties to ensure wider outreach.

This initiative aims to encourage academic research on climate change and development and to foster locally driven, practical solutions for strengthening climate resilience in Bangladesh.

Should you require any additional information or materials, please feel free to contact us at your convenience.

We sincerely appreciate your continued cooperation and support.
