

Dean's Award-2025
Faculty of Engineering and Technology

Awardee's Information (Teacher) 2021

	Name:	Dr. Md. Abdur Razzaque
	Year (Session)	2021 (2020-2021)
	Category	Professor
	Department	Dept. of Computer Science and Engineering
	Research Area	Green Networking and Sustainable Internet, Energy Optimization, AI and ML in UAV Networks, AI for Internet of Things, Edge Intelligence

Awardee's Information (Teacher) 2021

	Name:	Dr. Abul Khayer Mallik
	Year (Session)	2021 (2020-2021)
	Category	Associate Professor
	Department	Dept. of Applied Chemistry and Chemical Engineering
	Research Area	High-Performance Liquid Chromatography, Polymer Science, Organic Synthesis, Adsorption and Purification, Water Analysis

Awardee's Information (Teacher) 2021

	Name:	Sejuti Rahman, PhD
	Year (Session)	2021 (2020-2021)
	Category	Assistant Professor
	Department	Dept. of Robotics and Mechatronics Engineering
	Research Area	Medical Robotics, Graph Neural Network for Behavioral Pattern Recognition, AI for Healthcare, Human-Robot Interaction and Personality-Aware Systems

Awardee's Information (Teacher) 2021

	Name:	Md Hossain Sahadath
	Year (Session)	2021 (2020-2021)
	Category	Assistant Professor
	Department	Dept. of Nuclear Engineering
	Research Area	Computational Reactor Physics, Neutron Transport, Scientific ML, Surrogate Modeling for Nuclear Reactor Design & Analysis, AI & DT for Autonomous Control

Dean's Award-2025
Faculty of Engineering and Technology

Awardee's Information (Teacher) 2021

	Name:	Dr. Animesh Pal
	Year (Session)	2021 (2020-2021)
	Category	Lecturer
	Department	Dept. of Nuclear Engineering
	Research Area	Nuclear power plant thermal energy storage coupled systems, Energy & Exergy analysis, computational fluid dynamics & heat transfer, adsorption of radioactive material, and development of adsorption-based materials such as MOFs and AC for energy-efficient technologies.

Awardee's Information (Teacher) 2022

	Name:	Dr. Afroza Shelley
	Year (Session)	2022 (2021-2022)
	Category	Associate Professor
	Department	Dept. of Nuclear Engineering
	Research Area	Advanced Reactor Design, Nuclear Fuels, Neutronic & Thermal Analysis, Safety & Waste Management, Radiation & Health Physics, and Nuclear Medicine.

Awardee's Information (Teacher) 2022

	Name:	Dr. Mainul Hossain
	Year (Session)	2022 (2021-2022)
	Category	Assistant Professor
	Department	Dept. of Electrical and Electronic Engineering
	Research Area	Design and optimization of semiconductor devices for low-power computing, memory applications, sensing, and energy harvesting

Awardee's Information (Teacher) 2022

	Name:	Dr. Taslim Ur Rashid
	Year (Session)	2022 (2021-2022)
	Category	Assistant Professor
	Department	Dept. of Applied Chemistry and Chemical Engineering
	Research Area	Biocomposites, Nanomaterials, Nanofiber Fabrication, Polymer Rheology, Waste Valorization, Biomaterials, Wastewater treatment

Dean's Award-2025
Faculty of Engineering and Technology

Awardee's Information (Teacher) 2022

	Name:	Shekh Md Mahmudul Islam, Ph.D.
	Year (Session)	2022 (2021-2022)
	Category	Lecturer
	Department	Dept. of Electrical and Electronic Engineering
	Research Area	Digital Health, Wireless Sensing, Digital Biomarker Discovery, AI for Digital Health, Non-Contact Physiological Sensing

Awardee's Information (Teacher) 2023

	Name:	Dr. Md. Abdur Razzaque
	Year (Session)	2023 (2022-2023)
	Category	Professor
	Department	Dept. of Computer Science and Engineering
	Research Area	Green Networking and Sustainable Internet, Energy Optimization, AI and ML in UAV Networks, AI for Internet of Things, Edge Intelligence

Awardee's Information (Teacher) 2023

	Name:	Dr. Taslim Ur Rashid
	Year (Session)	2023 (2022-2023)
	Category	Associate Professor
	Department	Dept. of Applied Chemistry and Chemical Engineering
	Research Area	Biocomposites, Nanomaterials, Nanofiber Fabrication, Polymer Rheology, Waste Valorization, Biomaterials, Wastewater treatment

Awardee's Information (Teacher) 2023

	Name:	Dr. Abul Khayer Mallik
	Year (Session)	2023 (2022-2023)
	Category	Associate Professor
	Department	Dept. of Applied Chemistry and Chemical Engineering
	Research Area	High-Performance Liquid Chromatography, Polymer Science, Organic Synthesis, Adsorption and Purification, Water Analysis

Dean's Award-2025
Faculty of Engineering and Technology

Awardee's Information (Teacher) 2023

	Name:	Sejuti Rahman, PhD
	Year (Session)	2023 (2022-2023)
	Category	Assistant Professor
	Department	Dept. of Robotics and Mechatronics Engineering
	Research Area	Medical Robotics, Graph Neural Network for Behavioral Pattern Recognition, AI for Healthcare, Human-Robot Interaction and Personality-Aware Systems

Awardee's Information (Teacher) 2023

	Name:	Shekh Md Mahmudul Islam, Ph.D.
	Year (Session)	2023 (2022-2023)
	Category	Assistant Professor
	Department	Dept. of Electrical and Electronic Engineering
	Research Area	Digital Health, Wireless Sensing, Digital Biomarker Discovery, AI for Digital Health, Non-Contact Physiological Sensing

Awardee's Information (Teacher) 2023

	Name:	Md. Ariful Islam
	Year (Session)	2023 (2022-2023)
	Category	Lecturer
	Department	Dept. of Robotics and Mechatronics Engineering
	Research Area	Sleep Health, Biomedical Signal Processing and Filtering, Digital Health Technologies, Machine Learning, Deep Learning

Awardee's Information (Teacher) 2023

	Name:	Md. Shifat-E-Arman Bhuiyan
	Year (Session)	2023 (2022-2023)
	Category	Lecturer
	Department	Dept. of Robotics and Mechatronics Engineering
	Research Area	Neural Architecture Search, Multimodal and Multi-task Learning, Self- and Weakly Supervised Learning and AI in Healthcare.

Dean's Award-2025
Faculty of Engineering and Technology

Awardee's Information (Teacher) 2024

	Name:	Dr. Md. Nurnabi
	Year (Session)	2024 (2023-2024)
	Category	Professor
	Department	Dept. of Applied Chemistry and Chemical Engineering
	Research Area	Membrane technology, Membrane bioreactor, Carbon nano-materials, Graphene based functional materials, Microbial fuel cells, Detection of endocrine disrupting chemicals, pesticides and other organic pollutants.

Awardee's Information (Teacher) 2024

	Name:	Dr. Md. Ashraful Islam Molla
	Year (Session)	2024 (2023-2024)
	Category	Professor
	Department	Dept. of Applied Chemistry and Chemical Engineering
	Research Area	Nanomaterials, Photocatalysis, Wastewater Treatment, Analytical & Environmental Chemistry

Awardee's Information (Teacher) 2024

	Name:	Sejuti Rahman, PhD
	Year (Session)	2024 (2023-2024)
	Category	Associate Professor
	Department	Dept. of Robotics and Mechatronics Engineering
	Research Area	Medical Robotics, Graph Neural Network for Behavioral Pattern Recognition, AI for Healthcare, Human-Robot Interaction and Personality-Aware Systems

Awardee's Information (Teacher) 2024

	Name:	Dr. Imtiaz Ahmed
	Year (Session)	2024 (2023-2024)
	Category	Associate Professor
	Department	Dept. of Electrical and Electronic Engineering
	Research Area	Nanomaterials Engineering, Sustainable Energy Materials, Computational Materials Science, Solid State Quantum Computation

Dean's Award-2025
Faculty of Engineering and Technology

Awardee's Information (Teacher) 2024

	Name:	Dr. Mainul Hossain
	Year (Session)	2024 (2023-2024)
	Category	Assistant Professor
	Department	Dept. of Electrical and Electronic Engineering
	Research Area	Design and optimization of semiconductor devices for low-power computing, memory applications, sensing, and energy harvesting

Awardee's Information (Teacher) 2024

	Name:	Dr. Md Mehedi Hasan
	Year (Session)	2024 (2023-2024)
	Category	Assistant Professor
	Department	Dept. of Robotics and Mechatronics Engineering
	Research Area	Robotic Visual Servoing & Locomotion, UAV-based Surveillance & Navigation, Precision Agriculture, IoT and Industrial Sensors, Computer Vision & Deep Learning.

Awardee's Information (Teacher) 2024

	Name:	Md. Tanvir Alam
	Year (Session)	2024 (2023-2024)
	Category	Lecturer
	Department	Dept. of Computer Science and Engineering
	Research Area	Machine Learning Systems, Large Language Models, Graph Learning, Graph Mining

Awardee's Information (Teacher) 2025

	Name:	Dr. Md. Abdur Razzaque
	Year (Session)	2025 (2024-2025)
	Category	Professor
	Department	Dept. of Computer Science and Engineering
	Research Area	Green Networking and Sustainable Internet, Energy Optimization, AI and ML in UAV Networks, AI for Internet of Things, Edge Intelligence

Dean's Award-2025
Faculty of Engineering and Technology

Awardee's Information (Teacher) 2025

	Name:	Dr. Afroza Shelley
	Year (Session)	2025 (2024-2025)
	Category	Professor
	Department	Dept. of Nuclear Engineering
	Research Area	Advanced Reactor Design, Nuclear Fuels, Neutronic & Thermal Analysis, Safety & Waste Management, Radiation & Health Physics, and Nuclear Medicine.

Awardee's Information (Teacher) 2025

	Name:	Dr. Mainul Hossain
	Year (Session)	2025 (2024-2025)
	Category	Associate Professor
	Department	Dept. of Electrical and Electronic Engineering
	Research Area	Design and optimization of semiconductor devices for low-power computing, memory applications, sensing, and energy harvesting

Awardee's Information (Teacher) 2025

	Name:	Dr. Md Ahsan Habib
	Year (Session)	2025 (2024-2025)
	Category	Associate Professor
	Department	Dept. of Electrical and Electronic Engineering
	Research Area	Plasmonic and Electro-Optical Biosensing, Nanomaterial-Based Sensors, AI-Enabled Environmental and Agricultural Monitoring, Microwave and Flexible Sensors, Neuromeritics and Brain-Computer Interfaces

Awardee's Information (Teacher) 2025

	Name:	Dr. Animesh Pal
	Year (Session)	2025 (2024-2025)
	Category	Assistant Professor
	Department	Dept. of Nuclear Engineering
	Research Area	Nuclear power plant thermal energy storage coupled systems, Energy & Exergy analysis, computational fluid dynamics & heat transfer, adsorption of radioactive material, and development of adsorption-based materials such as MOFs and AC for energy-efficient technologies.
