Hello University of Dhaka,

As students from University of Dhaka in Bangladesh participated in the International Youth Math Challenge and achieved an honour in the Final Round, I would like to inform you that there are less than 12 days left for students to participate in IYMC 2025.

I kindly ask for your support in sharing this opportunity with interested students and within your school. If students would like to participate in this year's edition, they need to **submit their entries by Sunday, 30 November 2025**.

More information and the submission form for participants is available online: <https://iymc.info/>

We would love to see your students participate again this year. If you have any questions or need additional support, please don't hesitate to contact me.

Best regards,
Stefan Amberg

IYMC Coordinator
